If you decide to take your dog camping, you have to seriously ask yourself a simple question first: is my dog well-trained and able to be in the midst of people?

If the answer is yes, you are on the right track and you are looking for the right destination. Here below some important rules for a good behavior with your pet ([integrating art. 24 of our internal regulation section](#)), that we recommend you to read carefully.

USEFUL GUIDELINES TO DOG FRIENDLY AREAS

- Keep your dog at leash or muzzle and take dog waste bags with you.
- Do not leave your dog alone in the pitch.
- When you go wandering with your dog outside the camping site, please respect the nature, and take the dog waste bags with you. You might put the dog waste bags inside the blue bags.
- To go to the beach walk along the perimeter roads (via Confine, via Costiera and via PuntAla), then follow this indication: take the exit to the beach, then turn left or right.

IMPORTANT: dogs are allowed on Punta Ala's beach, to your left looking at the sea, walking about 2km to reach the Bau Beach of Casetta Civinini.
dogs are allowed on Scarlino's beach, to your right looking at the sea, beyond the umbrellas of our equipped beach, before the river Alma.

No animals are allowed in the rows or under the umbrellas of our equipped beach.

We suggest you to read the Administration Order of Castiglione della Pescaia and Scarlino for more information.

You can access the commercial area and our restaurants but we remind you that dogs are not allowed in the Supermarket or Playground.

In case you need further information about dog sitter or other services for your dog, ask the reception. We will be more than happy to assist you.
